

Tasty box

What is Tasty box?

Tasty box is instagram bussiness, inspired by two beautiful married people, who loved to make surprises boxes for their friends. Usually includes candies and wines all packed in beautiful box.

Main goal

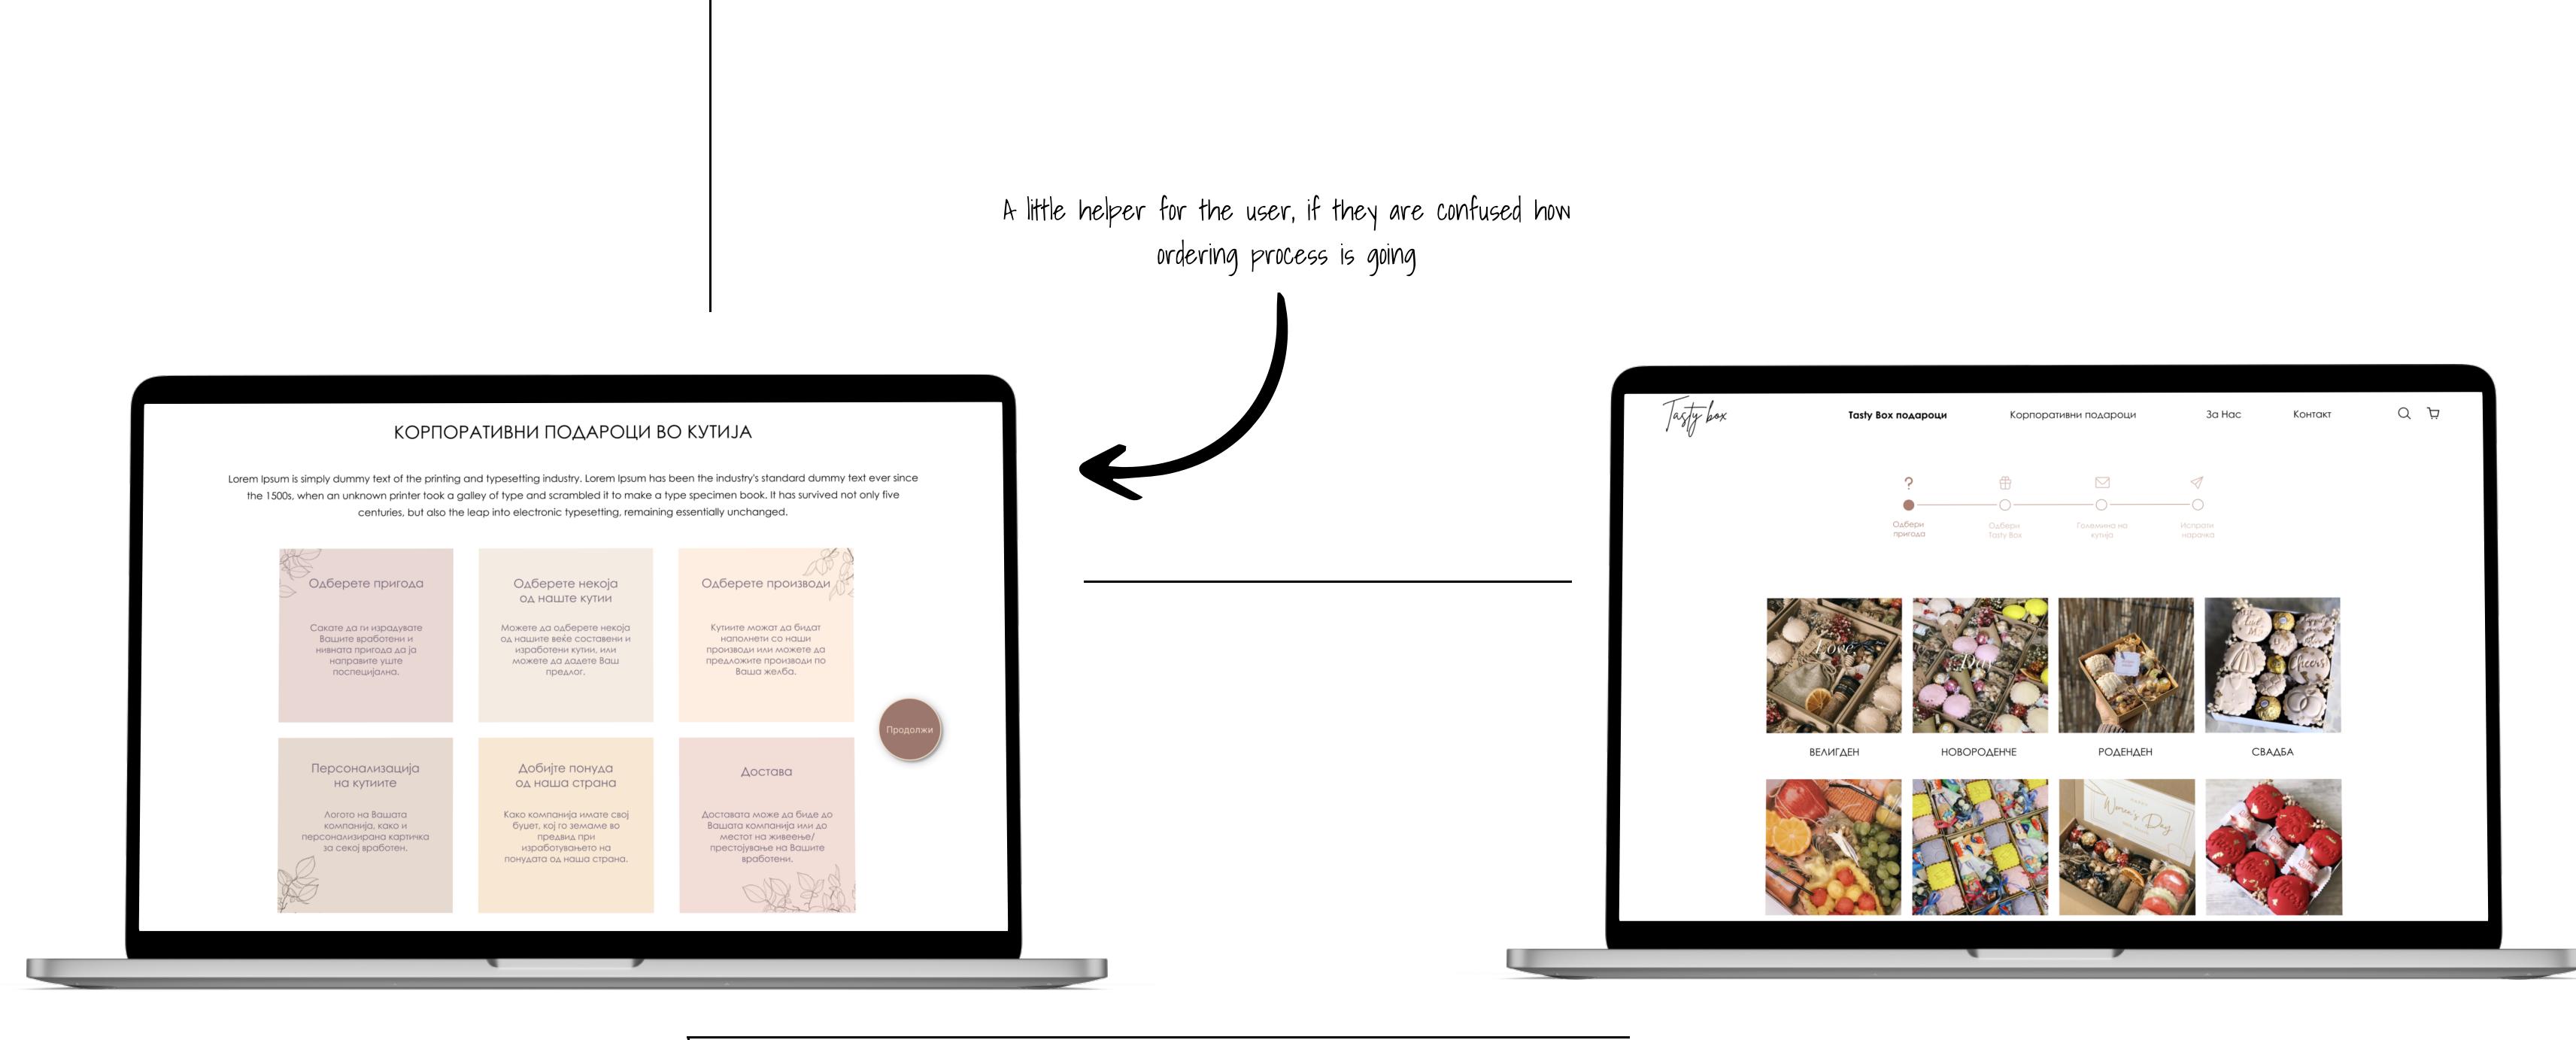

Present simple, visible and easy to navigate pages and a quick way for costumers to get in touch with the owner of Tasty box.

Our mission

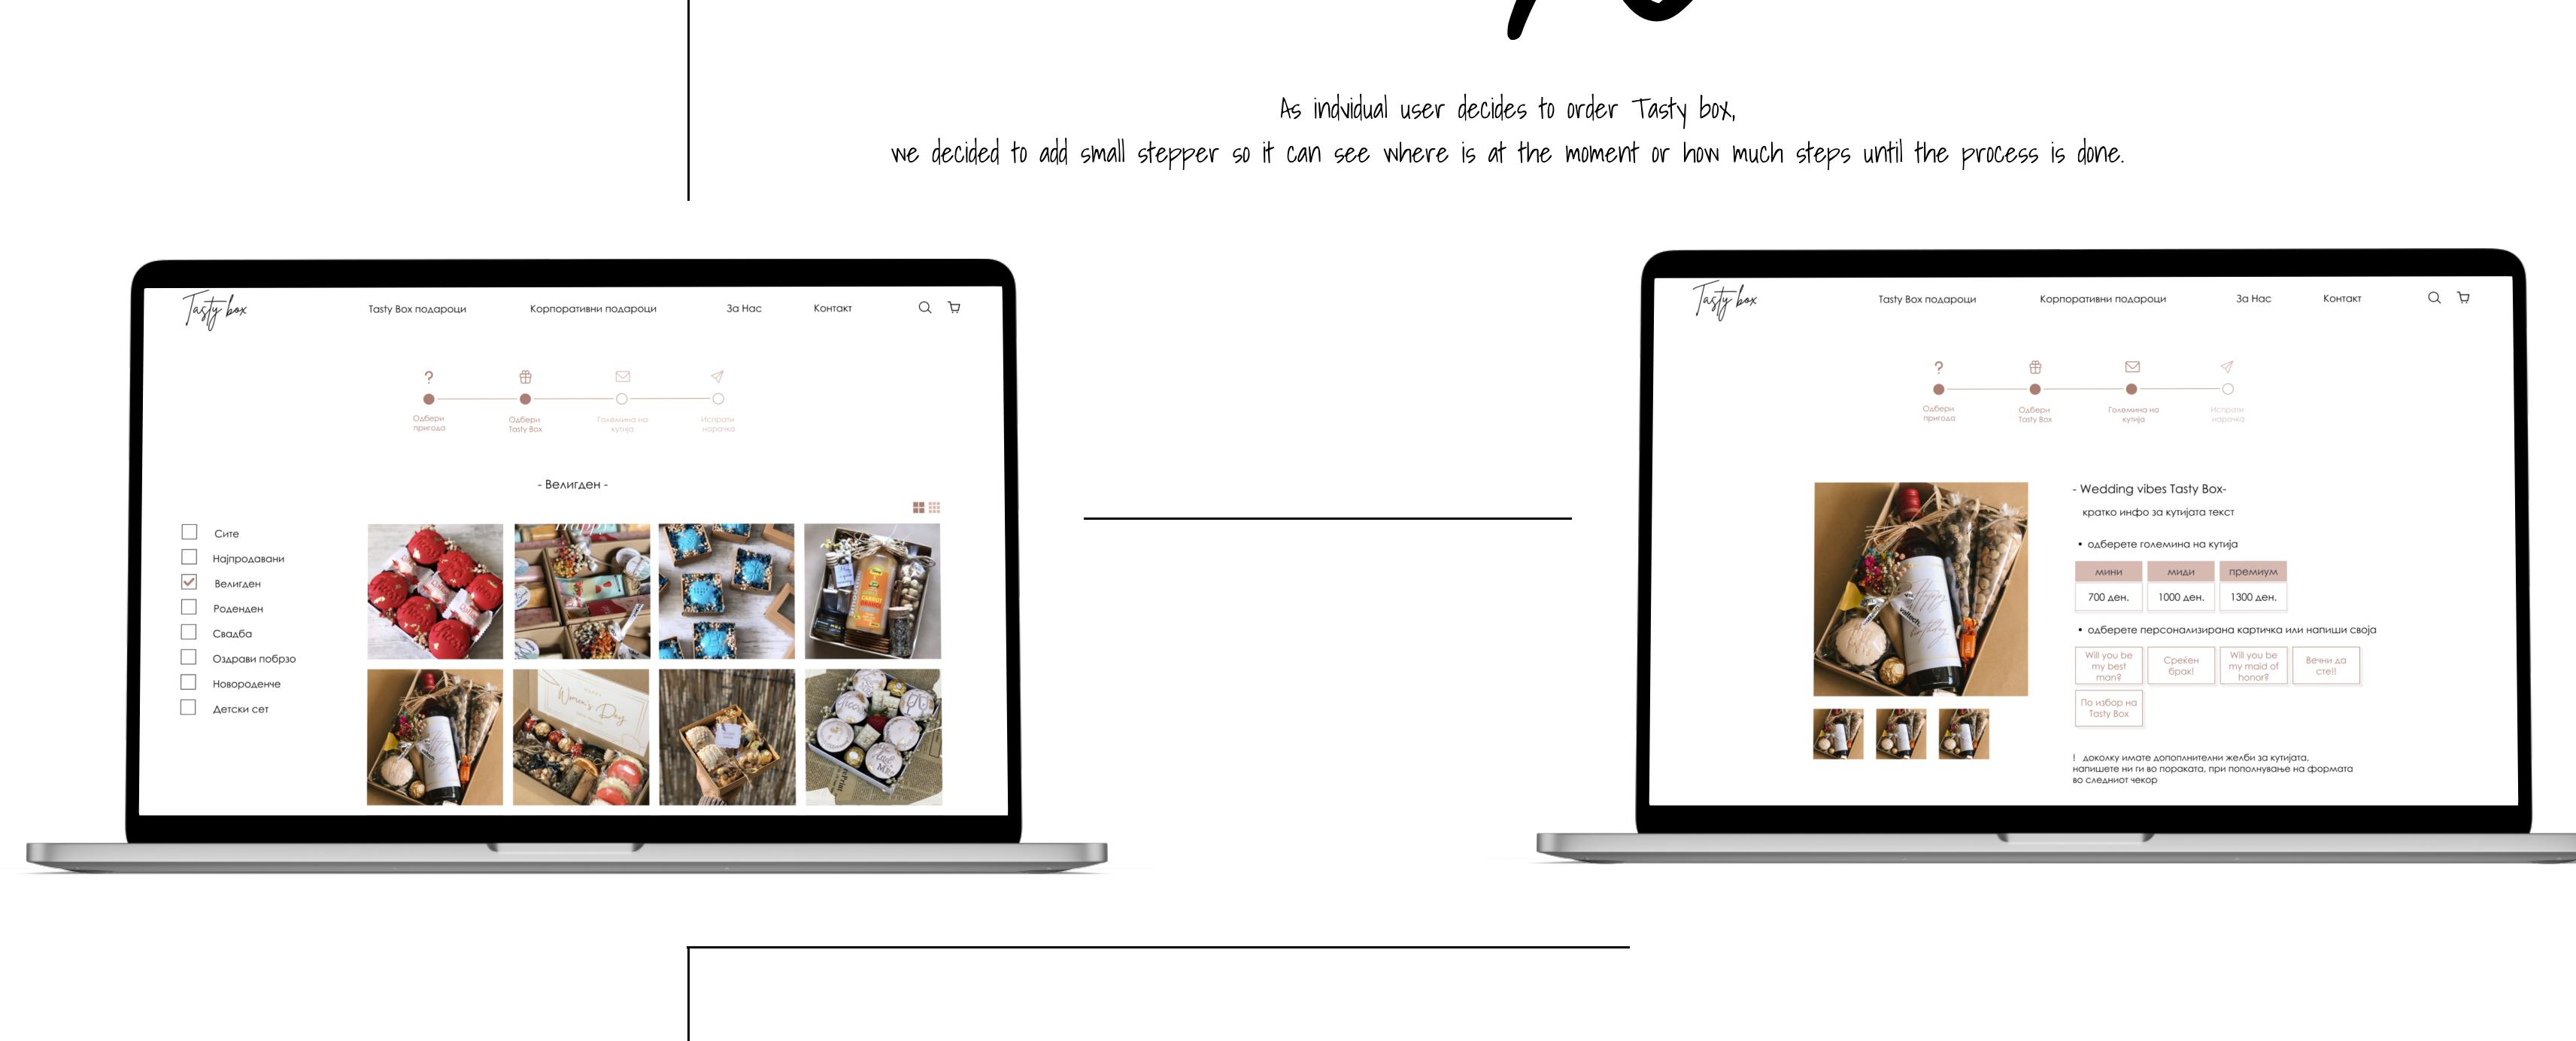

Our misson was to make their ordering process easy and to give them an opportunity to expand their bussiness as theis wish was in the future. They're main clients were IT companies.

The process

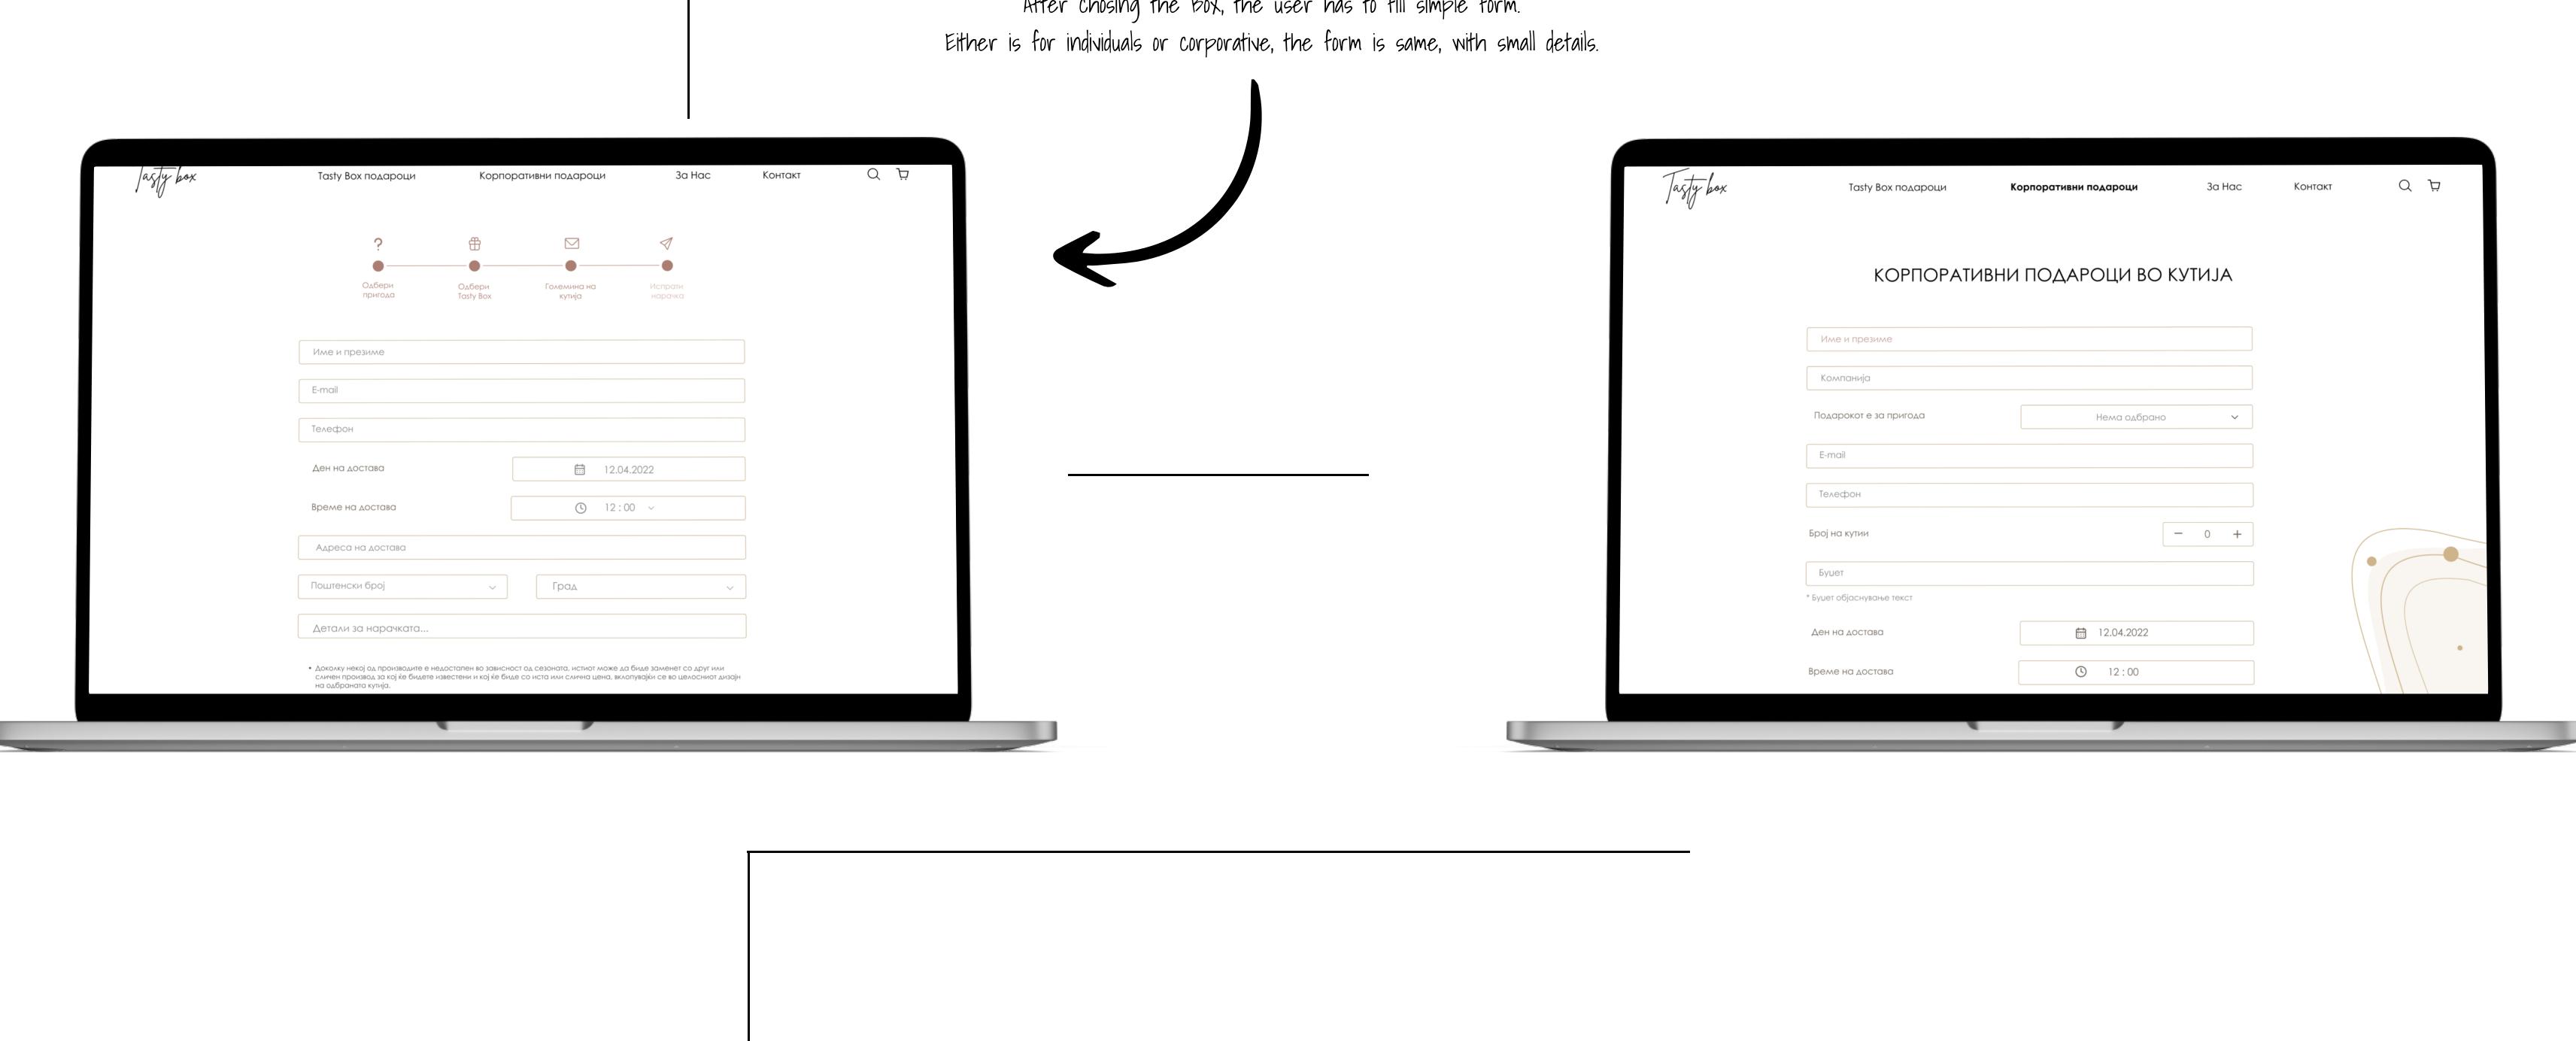

This is home page, where the user sees the whole work of Tasty Box and chooses whether buys corporative gifts or individuals gifts.

A little helper for the user, if they are confused how ordering process is going

As individual user decides to order Tasty box, we decided to add small stepper so it can see where is at the moment or how much steps until the process is done.

After choosing the Box, the user has to fill simple form.

Either is for individuals or corporative, the form is same, with small details.
